Highway Report – (Dale Root) –Supervisor read the report. All trucks and loader have been serviced. There were a few incidents to plow and all equipment functioned well. Roads were patched with hot mix throughout the town in November. County water audit went well. Picked up dead deer. Equipment was serviced and put away for the winter. Had a few burials. Last week there was an electrical fire in the town’s service lines with a lot of smoke in the building. Fire Company was called as well as National Grid. Service was disconnected. The problem was identified, and new service is being installed with new conduit. National Grid will be installing new wire from their pole and a new transformer. Due to the windstorm this past weekend we have had many stakeouts called in and there were plenty of trees to clean up. As a department he is very happy they have

been aggressive the last couple of years cutting back dead and problematic trees. He would like to thank all of the residents for their cooperation. He is hoping all residents are back on with power and would like to thank Rusty and Jeremy for their commitment to the town during this past week dealing with the fire in the clerk's office. Constant water testing and flushing plus the e-waste stacking continues.

Assessor Report – (Trisha Laszewski) –Supervisor read the report. Julie and Trisha completed a Real Property Tax Law virtual class. Trisha will be receiving 6 continuing credits for attending the class. Renewal notices for the Agricultural, Aged-Senior Exemption, non-profit, and Disability exemptions will be mailed the last week of December. These exemptions must be renewed on an annual basis in order for them to stay in effect. If not renewed by March 1 the exemption is removed. The Ridgeway office will be closed December 23, 24 and 31.

Planning Board Report – (Kirk Myhill) – Supervisor said the meeting was cancelled as there was nothing to act upon.
