Public Hearing was called to order at 6:30 PM

Purpose of the Public Hearing- To hear comments for and against the Adoption of Order to establish Furness Parkway Lighting District.

Public Comments-

Alan Bushover – asked to explain it.

Bethany Centrone said it was a request by the residents of Furness Parkway to have the lights that are already present on that road to be created into a lighting district and all that does is allows them to not pay the electric company from the street lights and that would go through their town taxes just like it does for everyone else in a lighting district. So, nothing is really being built, nothing is being changed.

Acting Supervisor said they only have two street lights at the time.

After no other comments the public hearing was closed at 6:45PM

Respectfully submitted,
Darlene A. Rich, MMC, RMC
Town Clerk
